

Studio intro

Orr to Me, sarahjulig@gmail.com, Roni & David

6/6/2019

Hi all

I'm leaving town for a while, Just a short intro:

Sarah is the new tenant in the back studio upstairs, Amit is the new tenant in the front studio upstairs, David is the tenant in the front studio downstairs, and Roni is subletting my studio for this month.

Only thing that requires some synchronization is the trash.

Trash day is Wednesday.

Please bring your trash to the back area, and either Roni or David will roll it outside through the studio. You can roll it out Tuesday eve. The Bin should be placed next to the entry to the parking lot (see photo). Roni is a bit pregnant now so Danny, who's always around the bodega next door (Roni you met him) will help you if you need.

Amit if you don't have access, just bring your trash outside to the street and into the bin.

Other than that

if any plumbing problems occur, the main water valve is outside. Its yellow and adjacent to the 5911 1/2 door (the upstairs studios). It's accessible from the street.

Roni please bring in any mail.

Thanks, let me know of any issues.

Cheers,
